**Duncan's long association with Nepal since 1995  
visiting project area 2013**

Remote spectacular trekking area in shadow of the worlds 3rd highest peak Mt Kanchenjunga - Tourism potential

Ghunsa School room converted to “hostel” (visit 2013)  
8 children slept on this one “mattress” little supervision

Ghunsa School Classrooms very cold and dark  
- most time spent outside...

Teachers living 3-4 to a converted classroom supervising hostel & teaching 24x7, very tiring, teaching quality drops

Enthusiastic community support for education and health care improvements - co-contribution to projects

Kids want to learn and improve their chances

## Needs Analysis

We need your help to rebuild a health post and nine damaged schools using new earthquake-resistant designs in the area of Thumpakhar VDC in Sindhupalchok District. First pass construction estimates range from \$70,000 to \$314,000 for schools of various sizes, and \$25,000 for the Thumpakhar health post. The total project budget for this short list is \$1,121,000, and there are certainly other opportunities that will arise as our needs analysis continues. At this stage we are also seeking clarification of available funds from local communities and the Nepal Government.

<b>Name of school or health post</b>	<b>Type of school</b>	<b>Number of students</b>	<b>Estimated Funds needed (A\$)</b>
