Reach higher

Monthly Sponsorship

Today many children in the remote areas of Nepal are missing out on an education. Your funds will improve access to education for these children and impact the quality of their education. Your vital support will directly provide educational materials, support teacher training and improvements to school buildings, thus making the schools a safe and healthy place to learn and grow.

Your monthly donation or annual commitment will ensure that our projects can be well planned and give stability, protection and support to the children of Nepal now and into the future. Together we can enable the next generation to **'Reach higher!'**

Right now we need to secure support for a further 30 students at the newly expanded hostel at Ghunsa in the remote Kanchenjunga Region of Eastern Nepal. Each place costs \$30 per month (\$360 a year) – only \$1 a day.
